

Ricardo Ortiz Pozo
Mechanical Robotics Engineer
ricardoortizpozo@gmail.com

To Whom It May Concern,

I am pleased to provide this referral for **Ricardo David Ortiz Pozo**, who served as a **Mechanical Robotics Engineer** during the autonomous ESD inspection project at LG Digital Park facilities. I had the pleasure of working with him on this project, where he was integral to the **robot path planning for automatic inspection** of LG TVs.

Throughout the project, Ricardo demonstrated an impressive level of engineering expertise, and problem-solving skills to tackle difficult problems like soft contact during ESD inspections. He took full Understanding of output image what I want and ownership of his role, ensuring that the robotic systems adhered to the project's high standards and operational requirements. His work directly contributed to the success of the project, adding precision and reliability to the ESD autonomous inspection.

Additionally, I remember him as a person with great personal maturity who leading a positive role in my project team. Lastly I would like to work with him again if given a chance.

Please feel free to reach out if you would like additional information about Ricardo's role and contributions.

Sincerely,
Scott Koo

Professional engineer
